## 1. Introduction and Overview Rationale

### The purpose of this policy is to:

- Set out the key principles expected of all members of the school community at Gillibrand Primary School with respect to the use of IT-based technologies.
- Safeguard and protect the children and staff.
- Assist school staff working with children to work safely and responsibly with the Internet and other IT and communication technologies and to monitor their own standards and practice.
- Set clear expectations of behaviour and/or codes of practice relevant to responsible use of the Internet for educational, personal or recreational use for the whole school community.
- Have clear structures to deal with online abuse such as online bullying [noting that these need to be cross referenced with other school policies].
- Ensure that all members of the school community are aware that unlawful or unsafe behaviour is unacceptable and that, where appropriate, disciplinary or legal action will be taken.
- Minimise the risk of misplaced or malicious allegations made against adults who work with pupils.

### The main areas of risk for our school community can be summarised as follows:

#### Content

- Exposure to inappropriate content
- Lifestyle websites promoting harmful behaviours
- Hate content
- Content validation: how to check authenticity and accuracy of online content

#### Contact

- Grooming (sexual exploitation, radicalisation etc.)
- Online bullying in all forms
- Social or commercial identity theft, including passwords

#### Conduct

- Aggressive behaviours (bullying)
- Privacy issues, including disclosure of personal information
- Digital footprint and online reputation
- Health and well-being (amount of time spent online, gambling, body image)

- Sexting
- Copyright (little care or consideration for intellectual property and ownership)

**Scope**

This policy applies to all members of [Gillibrand Primary School](#) community (including staff, pupils/pupils, volunteers, parents/carers, visitors, community users) who have access to and are users of Gillibrand's IT systems, both on and off the school premises.

**Communication:**

The policy will be communicated to staff/pupils/community in the following ways:

- Policy to be posted on the school website, saved on the staff server, paper copies will be given to all members of staff.
- Policy to be part of school induction pack for new staff.
- Regular updates and training on Online Safety for all staff.
- Acceptable use agreements discussed with staff and pupils at the start of each year. Acceptable use agreements to be issued to whole school community, on entry to the school.

**Handling Incidents:**

- The school will take all reasonable precautions to ensure online safety.
- Staff and pupils are given information about infringements in use and possible sanctions.
- Online Safety Leader acts as first point of contact for any incident.
- Any suspected online risk or infringement is reported to Online Safety Leader that day
- Any concern about staff misuse is always referred directly to the Headteacher, unless the concern is about the Headteacher in which case the complaint is referred to the Chair of Governors and the LADO (Local Authority’s Designated Officer).

**Handling a sexting / nude selfie incident:**

[UKCCIS “Sexting in schools and colleges”](#) should be used. This extract gives the initial actions that should be taken:

There should always be an initial review meeting, led by the DSL. This should consider the initial evidence and aim to establish:

- Whether there is an immediate risk to a young person or young people *When assessing the risks the following should be considered:*
  - Why was the imagery shared? Was the young person coerced or put under pressure to produce the imagery?
  - Who has shared the imagery? Where has the imagery been shared? Was it shared and received with the knowledge of the pupil in the imagery?
  - Are there any adults involved in the sharing of imagery?
  - What is the impact on the pupils involved?
  - Do the pupils involved have additional vulnerabilities? ○ Does the young person understand consent?
  - Has the young person taken part in this kind of activity before?
- If a referral should be made to the police and/or children’s social care
- If it is necessary to view the imagery in order to safeguard the young person – in most cases, imagery should not be viewed
- What further information is required to decide on the best response
- Whether the imagery has been shared widely and via what services and/or platforms. This may be unknown.
- Whether immediate action should be taken to delete or remove images from devices or online services
- Any relevant facts about the young people involved which would influence risk assessment
- If there is a need to contact another school, college, setting or individual
- Whether to contact parents or carers of the pupils involved - in most cases parents should be involved

An immediate referral to police and/or children’s social care should be made if at this initial stage:

1. The incident involves an adult
2. There is reason to believe that a young person has been coerced, blackmailed or groomed, or if there are concerns about their capacity to consent (for example owing to special educational needs)
3. What you know about the imagery suggests the content depicts sexual acts which are unusual for the young person’s developmental stage, or are violent

4. The imagery involves sexual acts and any pupil in the imagery is under 13
5. You have reason to believe a pupil or pupil is at immediate risk of harm owing to the sharing of the imagery, for example, the young person is presenting as suicidal or self-harming

If none of the above apply, then a school may decide to respond to the incident without involving the police or children's social care (a school can choose to escalate the incident at any time if further information/concerns come to light).

The decision to respond to the incident without involving the police or children's social care would be made in cases when the DSL is confident that they have enough information to assess the risks to pupils involved and the risks can be managed within the school's pastoral support and disciplinary framework and if appropriate local network of support.

### **Reviewing and Monitoring Online Safety**

The Online Safety policy is referenced within other school policies (e.g. Safeguarding and Child Protection policy, Anti-Bullying policy, PSHE, Computing policy).

- The Online Safety policy will be reviewed annually or when any significant changes occur with regard to the technologies in use within the school
- There is widespread ownership of the policy and it has been agreed by the SLT and approved by Governors. All amendments to the school Online Safety policy will be disseminated to all members of staff and pupils.

## **2. Education and Curriculum**

### **Pupil Online Safety**

**curriculum** This school:

- has a clear, progressive Online Safety education programme as part of the Computing curriculum/PSHE and other curriculum areas as relevant. This covers a range of skills and behaviours appropriate to their age and experience;
- plans online use carefully to ensure that it is age-appropriate and supports the learning objectives for specific curriculum areas;
- will remind pupils about their responsibilities through the pupil Acceptable Use Agreement(s);
- ensures staff are aware of their responsibility to model safe and responsible behaviour in their own use of technology, e.g. use of passwords, logging-off, use of content, research skills, copyright;
- ensures that staff and pupils understand issues around plagiarism; how to check copyright and also know that they must respect and acknowledge copyright/intellectual property rights;
- ensure pupils only use school-approved systems and publish within appropriately secure / age-appropriate environments. **Staff and governor training** This school:

- makes regular training available to staff on Online Safety issues and the school's Online Safety education program;
- provides, as part of the induction process, all new staff [including those on university/college placement and work experience] with information and guidance on the Online Safety Policy and the school's Acceptable Use Agreements. **Parent awareness and training** This school:
- provides meetings for parents which includes online safety;
- runs a rolling programme of Online Safety advice, guidance and training for parents.

### **Staff, volunteers and contractors**

- know to be vigilant in the supervision of children at all times, as far as is reasonable, and uses common-sense strategies in learning resource areas where older pupils have more flexible access;
- know to take professional, reasonable precautions when working with pupils, previewing websites before use; using age-appropriate (pupil friendly) search engines where more open Internet searching is required with younger pupils;

### **3. Expected Conduct and Incident management Expected conduct**

In this school, all users:

- are responsible for using the school IT and communication systems in accordance with the relevant Acceptable Use Agreements;
- understand the significance of misuse or access to inappropriate materials and are aware of the consequences;
- understand it is essential to reporting abuse, misuse or access to inappropriate materials and know how to do so;
- understand the importance of adopting good Online Safety practice when using digital technologies in and out of school;
- know and understand school policies on the use of mobile and hand held devices including cameras;

### **Parents/Carers**

- should provide consent for pupils to use the Internet, as well as other technologies, as part of the Online Safety acceptable use agreement form;
- should know and understand what the school's 'rules of appropriate use for the whole school community' are and what sanctions result from misuse.

## **Incident Management**

In this school:

- there is strict monitoring and application of the Online Safety policy and a differentiated and appropriate range of sanctions; but all incidents are reported on CPOMS
- all members of the school are encouraged to be vigilant in reporting issues, in the confidence that issues will be dealt with quickly and sensitively, through the school's escalation processes;
- support is actively sought from other agencies as needed (i.e. LA, UK Safer Internet Centre helpline, CEOP, Prevent Officer, Police, IWF) in dealing with Online Safety issues;
- monitoring and reporting of Online Safety incidents takes place and contribute to developments in policy and practice in Online Safety within the school;
- parents/carers are specifically informed of Online Safety incidents involving young people for whom they are responsible;
- the Police will be contacted if one of our staff or pupils receives online communication that we consider is particularly disturbing or breaks the law;
- we will immediately refer any suspected illegal material to the appropriate authorities – Police, Internet Watch Foundation and inform the LA.
- if a child reports an incident to a member of staff, the member of staff will document the incident verbatim, including the date and time and location of the incident. They will then report the incident to the DSL if necessary who will take the appropriate actions in contacting parents and appropriate organisations.
- an Online Safety log of incidents is kept electronically on CPOMS.

## **4. Managing IT and Communication System**

### **Internet access, security (virus protection) and filtering**

This school:

- informs all users that Internet/email use is monitored;
- has the educational filtered secure broadband connectivity through the LA;
- uses the LA filtering system which blocks sites that fall into categories (e.g. adult content, race hate, gaming). All changes to the filtering policy are logged and only available to staff with the approved 'web filtering management' status;
- uses 'Light Speed Filtering' where relevant;
- ensures network health through use of Sophos anti-virus software (from LA);

- Uses LA approved systems to data over the Internet
- If and when the school purchases 3G/4G devices a further appropriate firewall and filtering system will be installed.
- Uses encrypted devices or secure remote access where staff need to access sensitive data off-site;
- Works in partnership with the LA to ensure any concerns about the system are communicated so that systems remain robust and protect pupils.

### **Network management (user access, backup)**

This school

- Uses individual, audited log-ins for all users
- Uses guest accounts occasionally for external or short term visitors for temporary access to appropriate services;
- Has additional local network monitoring/auditing software installed;
- Ensures the Systems Administrator/network manager is up-to-date with LA services and policies/requires the Technical Support Provider to be up-to-date with LA services and policies;
- Has regular back-up of school data (admin and curriculum);
- Uses secure, 'Cloud' storage for data back-up that conforms to [DfE guidance](#);
- Storage of all data within the school will conform to the EU and UK data protection requirements; Storage of data online, will conform to the [EU data protection directive](#) where storage is hosted within the EU.

To ensure the network is used safely, this school:

- Ensures staff read and sign that they have understood the school's Online Safety Policy.  
Following this, they are set-up with Internet, email access and network access. Online access to service is through a unique, audited username and password. The same credentials are used to access the school's remote network
- All pupils have their own unique username and password which gives them access to the Internet and other services;
- Makes clear that no one should log on as another user and makes clear that pupils should never be allowed to log-on or use teacher and staff logins;
- Has set-up the network with a shared work area for pupils and one for staff. Staff and pupils are shown how to save work and access work from these areas;
- Requires all users to log off when they have finished working or are leaving the computer unattended;

- Ensures all equipment owned by the school and/or connected to the network has up to date virus protection;
- Makes clear that staff are responsible for ensuring that any computer or laptop loaned to them by the school, is used primarily to support their professional responsibilities.
- Maintains equipment to ensure Health and Safety is followed;
- Ensures that access to the school's network resources from remote locations by staff is audited and restricted and access is only through school/LA approved systems:
- Does not allow any outside Agencies to access our network remotely except where there is a clear professional need and then access is audited restricted and is only through approved systems;
- Has a clear disaster recovery system in place that includes a secure, remote off site back up of data
- Our wireless network has been secured to industry standard LA security level /appropriate standards suitable for educational use;
- All IT and communications systems installed professionally and regularly reviewed to ensure they meet health and safety standards;
- This school makes it clear that staff and pupils must always keep their passwords private, must not share with others; If a password is compromised the subject Leader should be notified immediately.
- All staff have their own unique username and private passwords to access school systems. Staff are responsible for keeping their password(s) private.
- We require staff to use STRONG passwords that include a capital letter and number.
- We require staff to change their passwords every year.

#### **E-mail This school**

- Provides staff with an email account for their professional use
- Will contact the Police if one of our staff or pupils receives an e-mail that we consider is particularly disturbing or breaks the law.
- Will ensure that email accounts are maintained and up to date
- We use a number of LA provided technologies to help protect users and systems in the school, including desktop anti-virus product Sophos, plus direct email filtering for viruses.

#### **Pupils:**

- Pupils are not provided with a school email address.
- Pupils are taught about the Online Safety and 'netiquette' of using e-mail both in school and at home through Online Safety lessons

- Staff will use school e-mail systems for professional purposes only
- Staff will not use personal email systems to send confidential materials.

### **School website**

- The Headteacher, supported by the Governing body, takes overall responsibility to ensure that the website content is accurate and the quality of presentation is maintained;
- The school web site complies with statutory DFE requirements;
- Most material is the school's own work; where other's work is published or linked to, we credit the sources used and state clearly the author's identity or status;
- Photographs published on the web do not have full names attached. We do not use pupils' names when saving images in the file names or in the tags when publishing to the school website;

### **Staff, Volunteers and Contractors**

- Staff are instructed to always keep professional and private communication separate.

### **School staff will ensure that in private use:**

- No reference should be made in social media to pupils/pupils, parents/carers or school staff;
- School staff should not be online friends with any pupil/student. Any exceptions must be approved by the Headteacher.
- They do not engage in online discussion on personal matters relating to members of the school community;
- Personal opinions should not be attributed to the school /academy or local authority and personal opinions must not compromise the professional role of the staff member, nor bring the school into disrepute;
- Security settings on personal social media profiles are regularly checked to minimise risk of loss of personal information.

### **Pupils:**

- Are taught about social networking, acceptable behaviours and how to report misuse, intimidation or abuse through our Online Safety curriculum work.

### **Parents:**

- Parents are reminded about social networking risks and protocols through our parental Acceptable Use Agreement and additional communications materials when required.

## **5. Data security: Management Information System access and Data transfer**

### **Strategic and operational practices**

At this school:

- The Head Teacher is the Senior Information Risk Officer (SIRO).
- Staff are clear who are the key contact(s) for key school information (the Information Asset Owners) are. We have listed the information and information asset owners.
- We ensure staff know who to report any incidents where data protection may have been compromised.
- All staff are DBS checked and records are held in a single central record

### **Technical Solutions**

- Staff have secure area on the network to store sensitive files.
- We require staff to log-out of systems when leaving their computer.
- All servers are in lockable locations and managed by DBS-checked staff.
- Details of all school-owned hardware will be recorded in a hardware inventory.
- Details of all school-owned software will be recorded in a software inventory.
- Disposal of any equipment will conform to [The Waste Electrical and Electronic Equipment Regulations 2006](#) and/or [The Waste Electrical and Electronic Equipment \(Amendment\) Regulations 2007](#). [Further information](#) can be found on the Environment Agency website.
- Where any protected or restricted data has been held we get a certificate of secure deletion for any server that once contained personal data.
- We are using secure file deletion software.

## **6. Equipment and Digital Content (See also Use of Mobile Phones/ Cameras Policy) Mobile Devices (Mobile phones, tablets and other mobile devices)**

- Mobile devices brought into school are entirely at the staff member, pupils & parents or visitors own risk. The School accepts no responsibility for the loss, theft or damage of any phone or hand held device brought into school.

Updated by Ben Thomas Dec 22

- Mobile devices brought in to school are the responsibility of the device owner. The school accepts no responsibility for the loss, theft or damage of personally-owned mobile devices.
- No pupils should bring his or her mobile phone or personally-owned device into school. Any device brought into school will be confiscated and kept in the school office.
- Mobile devices are not permitted to be used in certain areas within the school site, e.g. changing rooms and toilets. 'Mobile-free' signs to this effect are displayed.
- All mobile devices will be handed in at reception should they be brought into school.
- Personal mobile devices will not be used during lessons or formal school time unless as part of an approved and directed curriculum-based activity with consent from Headteacher.
- Student personal mobile devices, which are brought into school, must be turned off (not placed on silent) and stored out of sight on arrival at school. They must remain turned off and out of sight until the end of the day.
- The Bluetooth or similar function of a mobile device should be switched off at all
- Staff Mobile devices will not be used in any way during lessons or formal school time. They should be switched off or silent at all times.
- No images or videos should be taken on mobile devices.
- Staff members may use their phones during school break times.
- All visitors are requested to keep their phones on silent.
- The School reserves the right to search the content of any mobile devices on the school premises where there is a reasonable suspicion that it may contain illegal or undesirable material, including pornography, violence or bullying. Staff mobiles devices may be searched at any time as part of routine monitoring.
- If a student needs to contact his or her parents or carers, they will be allowed to use a school phone. Parents are advised not to contact their child via their mobile phone during the school day, but to contact the school office.
- Staff may use their phones during break times. If a staff member is expecting a personal call they may leave their phone with the school office to answer on their behalf, or seek specific permissions to use their phone at other than their break times.

#### **Storage, Syncing and Access The device is accessed with a school owned account**

- The device has a school created account and all apps and file use is in line with this policy. No personal elements may be added to this device.
- PIN access to the device must always be known by the network manager. **The device is accessed with a personal account**

- If personal accounts are used for access to a school owned mobile device, staff must be aware that school use will be synched to their personal cloud, and personal use may become visible in school and in the classroom.
- PIN access to the device must always be known by the network manager.
- Exit process – when the device is returned the staff member must log in with personal ID so that the device can be Factory Reset and cleared for reuse.

### **Pupils' use of personal devices**

- Children are not allowed to bring personal devices into school or on school trips.
- The School accepts that there may be particular circumstances in which a parent wishes their child to have a mobile phone for their own safety.
- If a student breaches the school policy, then the device will be confiscated and will be held in a secure place in the school office. Mobile devices will be released to parents or carers in accordance with the school policy. The school accepts no responsibility for the loss, theft or damage of personally-owned mobile devices.

### **Staff use of personal devices**

- Staff handheld devices, including mobile phones and personal cameras must be noted in school – name, make & model, serial number. Any permitted images or files taken in school must be downloaded from the device and deleted in school before the end of the day.
- Staff are not permitted to use their own mobile phones or devices in a professional capacity, such as for contacting children, young people or their families within or outside of the setting.
- Staff will be issued with a school phone where contact with pupils, parents or carers is required, for instance for off-site activities.
- Mobile Phones and personally-owned devices will be switched off or switched to 'silent' mode. Bluetooth communication should be 'hidden' or switched off and mobile phones or personally-owned devices will not be used during teaching periods unless permission has been granted by a member of the senior leadership team in emergency circumstances.
- If members of staff have an educational reason to allow children to use mobile phones or a personally-owned device as part of an educational activity, then it will only take place when approved by the senior leadership team.
- Staff should not use personally-owned devices, such as mobile phones or cameras, to take photos or videos of pupils and will only use work-provided equipment for this purpose.
- Staff should not connect personal devices to the school's Wifi.

- In an emergency where a staff member doesn't have access to a school-owned device, they should use their own device and hide (by inputting 141) their own mobile number for confidentiality purposes and then report the incident with the Designated Online Safety Lead
- If a member of staff breaches the school policy then disciplinary action may be taken.

## **Digital images and video**

### **In this school:**

- We gain parental/carer permission for use of digital photographs or video involving their child as part of the school agreement form when their daughter/son joins the school (or annually).;
- We do not identify pupils in online photographic materials or include the full names of pupils in the credits of any published school produced video materials/DVDs;
- Staff sign the school's Acceptable Use Policy and this includes a clause on the use of mobile phones/personal equipment for taking pictures of pupils;
- The school blocks/filter access to social networking sites unless there is a specific approved educational purpose;
- Pupils are taught about how images can be manipulated in their Online Safety education programme and also taught to consider how to publish for a wide range of audiences which might include governors, parents or younger children as part of their computing scheme of work;
- Pupils are advised to be very careful about placing any personal photos on any 'social' online network space. They are taught to understand the need to maintain privacy settings so as not to make public, personal information.
- Pupils are taught that they should not post images or videos of others without their permission. We teach them about the risks associated with providing information with images (including the name of the file), that reveals the identity of others and their location. We teach them about the need to keep their data secure and what to do if they are subject to bullying or abuse.
